Ministry News

This month was supposed to start with installing the radio translator in the Aleutian chain village of Perryville. However, due to a barge trip prolonged by weather, bad flying weather, and now twin-engine pilot availability, the Perryville radio translator is still not installed.

On a more praise-worthy exciting note, there was some progress made towards installing radio translators in the interior villages of Allakaket and Hughes.

We were both able to fly out and speak with Native Villagers in both areas and they are excited to have the Christian radio and some information from the "outside".

In Allakaket, located approximately 190 air miles north-

west of Fairbanks, we have been given permission to install the radio equipment at the Native Council main office.

In Hughes, here is a picture of the village church that will be home to the necessary radio equipment.

Both of these villages have reputations of being difficult. Nevertheless, God paved the way and we were welcomed into these villages and plan to install the translators by April. Please be in prayer with us that God will use the radio in these villages to bring people into a relationship with Him.

During the middle of this month, Karl climbed two towers in Nenana for KIAM 630AM in order to fix broken and install new equipment. He was able to choose a day with low winds and mere minus teen temperatures so the climb was not as uncomfortable as it could have been

although climbing 200 feet straight up into the air is more preferably done on a nice warm summer day!

Personal Update

In terms of home building, we are continuing to work on the finish work on the top floor. Everything now has insulation and dry-wall upstairs. Our next step is to tape, mud, and texture and then install the kitchen, YEAH!!

Our fifth wedding anniversary was spent enjoying the beauty of this new

world we live in. We were able to take the snow machines up to Hatcher Pass and enjoy a sunset. We are definitely blessed to have been given each other and such a lovely home state.

More snow machine fun this month included having Jim, Susie, Clara, and James Williams along with Nathan and KarlaRae Ellis visit us. With two of the Williams machines and our two, we were able to spend the day fellowshipping together and playing in the snow. It is fun to have visitors from our home church. Please know that all visitors are welcome.

We are grateful to all of you who support us in prayer, sending encouraging notes and emails, and with finances. In both the work of Voice For Christ Ministries and in our personal lives, we are learning to lean on the everlasting arms of Christ in a whole new way.

The spiritual command that we are working on together this year is found in Philippians 4:6. "Be anxious for NOTHING, but in EVERYTHING by prayer and supplication with thanksgiving let your requests be made known to God. (NKJV)"

Due to budget constraints, it is our goal to change how we deliver our monthly newsletters to you. We would like to move towards an electronic vehicle for delivery as much as possible. We understand that some people would still prefer paper and we are happy to oblige. Stay tuned next month for more details on our plan to go electronic with the Tundra Transmitter.
